## When Your Eyes Need Care

Use Murine Eye Medicine. No Smarting—Feels Fine—Acts Quickly. Try it for Red, Weak, Sore Eyes and Grains and Itchiness. Murine is recommended by our Oculists—not a "Patent Medicine"—but used in successful Physicians' practices for many years. Now dedicated to the Public and sold by Druggists at 10c per bottle. Murine Eye Salve in Asseptic Tubes, 5c and 10c. Write the Murine Eye Salve Company, Chicago, Ill.

## MINERS BREAK FROM WESTERN FEDERATION

An open meeting of miners and mill men was held Saturday in Miners' hall and was attended by both Western Federation men and non-union workers. It was held in two sections, one at 1 o'clock in the afternoon and the other at 7 in the evening, so that people employed on all three shifts could participate.

The committee that was appointed at a meeting held the Sunday before to confer with mine owners reported that the Mine Operators' association at its next meeting would consider the request that the wages of all workers, both in mines and mills, be given a flat raise of 50 cents a day. The committee's report was accepted and the committee was continued in existence until it reports to the workers after the decision of the operators is learned and another meeting is held next Sunday.

It was decided to form a local union and a committee on by-laws and constitution was appointed.

## GERMAN DIVERS MAKE RAID

(Continued from page one)

that a thorough investigation will be made.

## Rushing Preparations

(By Associated Press.) WASHINGTON, Oct. 9.—No orders have been issued to the Atlantic fleet or commanders of navy yards, but department officials are prepared to make ready all craft in the active and reserve fleet which could be assigned to patrol duty, should developments make it necessary to establish a watch along the three mile limit. American officials are determined that no ship shall be attacked in American waters.

Destruction Witnessed (By Associated Press.) NEWPORT, Oct. 9.—A member of the crew of the destroyer Balch said that he saw a German supply ship attacking the submarines. American destroyers witnessed the destruction of some vessels. In one instance so thick were they at the scene that the submarine commander asked the destroyers Benham and McDougall to make way so he could blow up his prey.

Warning Was Given (By Associated Press.) WASHINGTON, Oct. 9.—German extension of submarine warfare in the western Atlantic is apparently not regarded with apprehension by officials here, although it is realized that it may develop a situation presenting new and perplexing questions of neutrality. There was little disposition to believe that American interests are menaced. The fact that warnings were given those on board, who were placed safely, strengthened the officials in their belief that Germany is following its pledge to keep U-boat warfare within international law.

Anxiety Expressed (By Associated Press.) LONG BRANCH, Oct. 9.—The president still has no information giving ground for fear of serious international complications to follow the German submarine attacks on British and neutral shipping off the American coast. Anxiety is expressed that a submarine might cause the loss of American lives or sink an American ship. Von Bernstorff is due to confer with the president this afternoon.

Cruiser to the Rescue (By Associated Press.) NEW YORK, Oct. 9.—A French cruiser, believed to be the Conde, off the New Jersey coast, is hurrying northward, according to reports.

MISS MAUD YOUNGER, who will speak tonight at the Airdome, arrived this morning by auto from Goldfield.

The Wilson-Pittman league will hold a meeting at 8 o'clock this evening at Democratic headquarters. All are invited. Adv. O9-11

Application No. 4152 Notice of Application for Permission to Appropriation of the Public Waters of the State of Nevada

Notice is hereby given that on the 19th day of September, 1916, in accordance with Section 59, Chapter 140, of the Statutes of 1915, Kawich Cattle Association (Incorporated), of Goldfield, County of Esmeralda, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Hidden Springs, at a point on unsurveyed land in N. Latitude 37 deg. 23 min. 30 sec. and West Longitude 115 deg. 3 min. 30 sec., whence the North one of three peaks 8100 ft. high, bears N. 69 deg. 27 min. E. 960 ft., the middle one S. 77 deg. 50 min. E. 1570 ft. and the South one S. 66 deg. 15 min. E. 2400 ft., by means of development, cement reservoirs and pipe lines, and 91 cubic feet per second is to be conveyed to troughs located S. 30 deg. 40 min. W. 1700 ft. thence S. 89 deg. W. 400 ft. thence N. 68 deg. 35 min. W. 250 ft. thence N. 32 deg. 30 min. W. 125 ft. thence N. 41 deg. 40 min. W. 2900 ft., by means of cement reservoirs and pipe lines, and there used for stock watering purposes. Water not to be returned to stream.

(Signed) W. M. KEARNEY, State Engineer. Date of first publication, Sept. 25, 1916. Date of last publication, Oct. 23, 1916.

Maud Younger

## WILL SPEAK TONIGHT AT THE AIRDOME

Miss Maud Younger is a member of the Waitresses' union of San Francisco, and was once its president and delegate to the Central Labor body. She usually attends the national convention of the American Federation of Labor. Three years ago, during the great shirtwaist strike in New York, Miss Younger had charge of one of the strike halls; she was arrested on the picket line for telling a newspaper man that the employer, whose shop they were picketing, charged the girls five cents a week for the water they drank, and in summer, when he put ice in it, he deducted ten cents a week from their wages.

Miss Younger was very prominent in the fight for the eight hour law for women in California, and has sometimes been called "the mother of the eight hour law." She spent last winter in Washington, D. C., in the cause of national suffrage. So devoted was she in her attendance upon the house judiciary committee that she has been called "the 22nd member" of the committee. Miss Younger left Washington the end of August and came west to campaign for the Woman's party. She has just been through Wyoming and Montana and is now in Nevada on her way to California.

Miss Younger was chairman and keynote speaker of the Woman's party and keynote speaker of the Woman's party convention when they

organized in Chicago last June, and is also on the advisory board of the Congressional union.

She is quick witted and humorous in phases of her address, and has her subject well in hand.

Miss Younger will speak at the Airdome tonight at 8 o'clock. All are invited.

"UNCLE BILL" VINSON

(Continued from page one)

poorer day by day, occasionally getting a grubstake, but finding no profitable mines. For some months past he was working a lease in the Midway. "Uncle Bill" let his financial and domestic worries prey upon his mind until the collapse came and he ended it all.

VIEWED THE GAME

The following Tonopahans witnessed the first game of the world series at Boston: H. E. Epstein, E. H. McMurray, George Kernick and Walter Drysdale.

(By Associated Press.) NEW YORK, Oct. 9.—Shipping interests and owners interested in vessels near the Atlantic coast flying flags of nations hostile to Germany are seeking news regarding their ships.

The Wilson-Pittman league will hold a meeting at 8 o'clock this evening at Democratic headquarters. All are invited. Adv. O9-11

Application No. 4154 Notice of Application for Permission to Appropriation of the Public Waters of the State of Nevada

Notice is hereby given that on the 19th day of September, 1916, in accordance with Section 59, Chapter 140, of the Statutes of 1915, Kawich Cattle Association (Incorporated), of Goldfield, County of Esmeralda, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Hidden Springs, at a point on unsurveyed land in N. Latitude 37 deg. 23 min. 30 sec. and West Longitude 115 deg. 3 min. 30 sec., whence the North one of three peaks 8100 ft. high, bears N. 69 deg. 27 min. E. 960 ft., the middle one S. 77 deg. 50 min. E. 1570 ft. and the South one S. 66 deg. 15 min. E. 2400 ft., by means of development, cement reservoirs and pipe lines, and 91 cubic feet per second is to be conveyed to troughs located S. 30 deg. 40 min. W. 1700 ft. thence S. 89 deg. Better lighted windows sell more goods

At no increased cost for current you can make your show windows just twice as bright as they now are. And without the glare which hurts people's eyes and really drives them away.

X-RAY REFLECTORS

The Show Window Searchlights

are the most powerful reflectors made and they last indefinitely. They hide the glaring lamp, and on account of their scientific design, concentrate all the light on the merchandise on display. None is wasted on the ceiling or sides of the window nor on the sidewalk.

These reflectors are the standard for window lighting. Marshall Field & Co., Chicago, used 1500 X-RAY Reflectors constantly for thirteen years and when a few of these were tested by disinterested engineers in Cleveland it was found they had not lost one per cent in reflecting efficiency. X-RAY Reflectors are the only pure silver plated reflectors which last indefinitely.

Free Demonstration

We'll show you X-RAY lighting any evening you say in your own window. Nothing will convince you more quickly of its wonderful superiority. It is a necessity to any merchant. Phone us. Ask for booklet, "Show Window Searchlights."

LUNDLEE BROTHERS BUTLER BUILDING. TEL. 64
